

Dear IAPS members,

Thanks to the collective efforts of all those members who helped in preparing the patient information sheets (PIS), more than 150 PIS have been successfully created across various regional languages. These have been uploaded to the website. Filter options to search by disease and language are available. All members are requested to kindly make use of these PIS and also spread the word amongst colleagues to make maximum use of the same. Many Thanks to Dr. Ravi Ramadwar, Dr. Ravi Kanojia, Dr. Amar Shah, Dr. Arun Kumar, Dr. Sugandh Chhadda, Dr. Akshay Kalavant, and EC-IAPS for this effort.
