Guidelines for Scientific presentation during IAPSCON

Please note that the presenting author should be registered for the conference

General rules form IAPS

1. First author as mentioned in the abstract will be allowed to present the paper / poster.
2. Under extraordinary circumstances if the first author is not able to present and gets permission from the Secretary to authorize the co-authors to present then the paper, he will not be qualified for a prize and the sequence of authors name will not be changed in the published abstracts (if they are published).
3. If the presenting author is found not to be a member of IAPS or has not registered for the conference then he will not be allowed to present the paper. Membership clause is exempted for students of MS, MBBS, SAARC delegates and overseas delegates.
