

IAPSCON 2021

Dear IAPS Members and E-IAPSCON presenters,

We have processed all the 480 abstracts submitted for the conference and communications regarding the acceptance have been sent to all the presenters. I have tried my best to send individual letters to all. Some of the acceptance emails are sent out are common messages to a set of presenters in a session with a session list. If anyone needs a separate official letter please let me know.

If there is anyone who has not got a response for his abstract please contact me immediately, we will always let you know even if your abstract was rejected.

We will be intimating you the date and time of presentation soon through the Scientific program booklet.

Please register using this link - shorturl.at/uyAW0

Be ready for an exhaustive week of academic feast in October.

Thanks

Ravi Kanojia
